Hi Allan, the last thing I would want is to articulate what I have said at a public inquiry because should the Inspector be minded to agree with my comments your local plan will be found unsound and that would be a disaster for Fylde! That's why I have sent the comments early to give your Officers time to resolve matters so we don't end up at an inquiry with unresolved significant issues!

Regards

Garry

Thanks Garry I am not a planner so I won't comment but I am sure you will have your opportunity at the oral hearing to articulate your teams concerns.

Thanks for the early letter.

Hi Allan, I have sent the response early in the consultation process so it gives your officers as much time as possible to resolve any outstanding issues! Having been briefed by the Team here and looked at your local plan supporting evidence with my planning hat on and if I were acting as a critical friend I would be concerned that your evidence seems to be lacking in certain areas, such as no evidence of a Green Belt Review and a rather simplistic and non evidenced based response to our request on assisting Wyre to meet our identified housing need.

Garry
