M Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 9)

The application is for a new Premises Licence for the Lytham Festival Event Site to take effect for 5 (five) consecutive event days each calendar year and for a capacity of 25,000 for any event day. If the Premises Licence is granted in the terms applied for, the existing Premises Licence for the Lytham Green Event Site (FY PL0502) will be surrendered.

The purpose of this application is effectively to increase the maximum capacity permitted under the Premises Licence at any one time from 19,999 (the capacity from 2024 onwards) to 25,000 persons for each event day. To accommodate the event facilities and as part of continual improvements to the general layout for the event site, a new Site Plan has been submitted with this application.

The applicant proposes to adopt as part of this application the Annex 2 and Annex 3 conditions contained in the existing premises licence (FY PL0502) subject to three changes:

- 1) Proposed condition 22 replaces the previous licence number with the current one FY PL0502.
- 2) Proposed condition 37 replaces the Annex 3, condition 3.1 on the current premises licence to give effect to the proposed increase in capacity of 25,000 for any event day.
- 3) Proposed condition 38 replaces Annex 3, condition 3.2 on the current premises licence with revised wording in relation to the arrangements for organising the community liaison group.

The conditions (which include the proposed changes referred to above) are stated below and incorporate the steps relevant to promote the four licensing objectives:

1. The Police Licensing Department and Planning Officer shall be notified of the dates of the Event within three months of the event taking place.
2. Only polycarbonate or other non-glass vessels shall be used to dispense beverages to customers in the general admission area. Glass vessels may be used in the VIP area only and shall not be removed from the said area.
3. Frequent collection of litter shall be undertaken to ensure that empty containers do not accumulate in or around the licensed area.
4. Alcohol shall only be sold or supplied to persons attending the event.
5. A zero tolerance policy shall be adopted towards any illegal behaviour and any activity that upsets the family atmosphere shall be dealt with promptly and efficiently.
6. There shall be a zero tolerance policy towards drugs.
7. No entertainment of an adult nature shall take place on the premises.
8. There shall be drinks promotions, but these shall not contravene the British Beer and Pub Association Standards for the Management of Responsible Drinks Promotions, or which may encourage binge drinking.
9. A clear and conspicuous notice requesting patrons to avoid causing noise, nuisance or disturbance to local residents when leaving the premises shall be erected and maintained in a prominent position at every exit.
10. The licence holder and DPS shall ensure that the arrangement for the storage of empty bottles prevents unauthorised access to those bottles.
11. At least one personal licence holder shall be available on the premises whilst the supply or sale of alcohol is being undertaken (whose identity shall be known to all other staff engaged in the supply or sale of alcohol) except in the case of emergency.
12. All staff to have received suitable training in relation to the proof of age scheme to be applied upon request.

13. No unaccompanied children shall be allowed on the premises at any time.
14. Risk assessments carried out by or on behalf of the Licence holder which relate to a licensing objective shall be available for inspection by an officer or a Responsible Authority.
15. An adequate number of licensed door supervisors shall be on duty as appropriate to any risk assessment and in accordance with the guidance under the Nightsafe Scheme.
16. Appropriate measures shall be taken to ensure that staff prevent the removal of bottles or glasses from the licensed premises.
17. Frequent collection of glasses and bottles shall be undertaken to ensure that empty containers do not accumulate in the licensed premises.
18. A suitable and sufficient risk assessment shall be undertaken having regard to the following:
 - a) A sufficient number of stewards shall be provided in relation to the estimated occupancy for the event.
 - b) There shall be adequate provision of suitable located emergency exits within the perimeter fencing/barriers relating to the occupancy.
 - c) Adequate provision and types of fire fighting equipment shall be provided in relation to the occupancy.
 - d) An adequate number of first aiders and first aid equipment shall be provided in relation to the occupancy.
19. In relation to the event and the above issues the Premises Licence Holder shall follow the principles within the "Event Safety Guide – A Guide to Health, Safety and Welfare at Work and Similar Events – HSG 195, published by the Health and Safety Executive (HSE) 1999 ISBN 0 7176 2453."
20. A designated member of the management team shall patrol the site ensuring that control measures identified within the risk assessments are implemented. Where there are new risks to safety identified, the designated person will take the necessary steps to reduce and eliminate such risks.
21. The licence holder and the DPS are to support and rigorously enforce the Challenge 25 Proof of Age policy. Any person who looks or appears to be under the age of 25 shall be asked to provide identification that they are over the age of 18. The following are the only forms of identification acceptable: photo driving licence; passport; Proof of Age Standards Scheme Card; and any other locally or nationally approved form of identification which may be introduced in the future.
22. The premises licence shall only have effect for 5 (five) consecutive days within a calendar year and the existing licence FY PL0502 shall be surrendered on the grant of this licence.
23. CCTV equipment shall be installed and maintained in good working order in accordance with the manufacturer's instructions. All entrances, exits and bar areas to be covered by the system and, where practical, other cameras located in other public areas of significant activity within the premises. The system shall record images of the head and shoulders of all persons entering the premises for identification purposes.
24. Images shall be retained in unedited form for not less than 21 days.
25. A staff member who is conversant with the operation of the CCTV system shall be on the premises when open to the public. This staff member shall be able to show recent data or footage with the absolute minimum of delay when requested to a Police Officer or to a Local Authority Enforcement Officer/Authorised Person.
26. The person undertaking the licensable activity shall appoint a suitably qualified and experienced noise consultant prior to any major Event (i.e. where the noise level arising from amplified music or voice would be between 5 and 15 decibels (dB(A) above background levels). The consultant shall be instructed to liaise with the licensee, any promoter, sound system supplier and sound engineer that is involved with that particular event as well as Fylde Council's Environmental Health Department on all matters relating

to noise control prior to and during events.

27. The noise consultant shall carry out a survey to determine the background noise levels (as defined by the Code of Practice on Environmental Noise at Concerts or other relevant nationally recognised guidance) at locations around the venue that are representative of noise sensitive premises likely to experience the highest level of noise as a result at any event. It is accepted that the dwellings in the immediate vicinity will experience sound levels in excess of those recommended in the Code of Practice. Other suitable monitoring points shall be sought but must also include the immediate vicinity to assess the sound level at the dwellings directly opposite. Areas that were the subject of noise complaints in recent years shall be considered appropriate.
28. A noise propagation test shall be undertaken prior to the start of any event in order to set appropriate control limits at the sound mixer position.
29. Background sound level readings shall be taken just before the event commences and at intervals during the event, where it is reasonably practical to do so.
30. The sound system shall be configured and operated in a similar manner as intended for the event. The sound source used for the test shall be similar in character to the music likely to be produced during the event.
31. The person undertaking the licensable activity shall ensure that the promoter, sound system supplier and all individual sound engineers are informed of the sound control limits and that any instructions from the noise consultant regarding noise levels are to be implemented.
32. The appointed noise consultant shall arrange for sound levels to be regularly monitored at pre-designated positions.
33. All monitoring results shall be recorded in the premises log book or a sound recordings log.
34. There shall be a manned telephone throughout the event with a pre-advertised number. This is to enable the reporting of any noise disturbance resulting from events at the venue.
35. The Front of House limit shall be set at a guideline level up to 98dB LAeq (15 minutes) and noise levels shall be monitored at the agreed monitoring locations during the event to ensure that any nuisance is avoided and, if necessary, the level to be reduced at the Front of House position accordingly.
36. The Premises Licence Holder shall engage at their own cost a professional sound analyst/engineer who shall be on site throughout the duration of the Event and shall work with Fylde officers to record and collate data from various locations and under different conditions so that these can be used to better inform appropriate sound levels going forward.
37. The maximum number of attendees at the festival at any one time is limited to 25,000 unless (for any date) the SAG recommends that the maximum number shall be lower.
38. The applicant shall continue to arrange a community liaison group whose remit shall be to facilitate discussion between the applicant and the local community about the Lytham Festival. The group which shall be organised by the applicant and comprise of representatives of the local community in Lytham and a senior representative of the applicant.
